(PATENT)

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In re Patent Application of:
Lowery et al.

Application No.: 10/650,467

Filed: August 28, 2003

Art Unit: 1632

For: G Protein-Coupled Receptor-Like Receptors and
Modulators Thereof

Examiner: Not Yet Assigned

INFORMATION DISCLOSURE STATEMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Attached herewith are copies of Forms PTO-1449 (modified) and PTO-892 that were submitted by the Applicants and the Examiner in parent application, U.S. Patent Application No. 09/721,870, filed November 24, 2000, now issued U.S. Patent No. 6,632,621. These copies are hereby submitted by the Applicants for consideration in connection with the above-identified patent application in compliance with 37 C.F.R. §1.97 and the duty of disclosure under 37 C.F.R. §1.56.

The present application is a divisional of U.S.S.N. 09/721,870, which is relied on for an earlier effective filing date under 35 U.S.C. §120. Thus, in accordance with 37 C.F.R. §1.98(d)(1), copies of the references cited on Forms PTO-1449 (modified) and PTO-892 are not attached herewith and the Examiner is referred to the file for U.S.S.N. 09/721,870 for such copies. However, should the Examiner require copies of one or more of the references cited in the prior application, the Applicants will furnish the documents upon request.

This information disclosure statement is not intended to be an admission that a search has been made, that other relevant art does not exist, or that any of the information disclosed herein constitutes prior art under 35 U.S.C. §102 or 35 U.S.C. §103.

This statement and Forms PTO-1449 (modified) and PTO-892 are being submitted before receipt of a first Office Action in the above-identified patent application. Accordingly, it is believed that no fee is due in this matter under 37 C.F.R. §1.97(b). However, if it is determined that any appropriate fee is due, please charge Deposit Account Number 13-2855. A duplicate of this paper is enclosed.

Dated: September 22, 2004

Respectfully submitted,

By 
Lynn V. Janulis, Ph.D.
